A screenshot of a web browser displaying the Django administration interface. The browser's address bar shows the URL 'http://127.0.0.1:8080/admin/bookmodule/course/add/'. The page has a dark blue header with the text 'Django administration' and a user greeting 'WELCOME, NEHAID. VIEW SITE / CHANGE PASSWORD / LOG OUT'. Below the header, a breadcrumb trail reads 'Home > Bookmodule > Courses > Add course'. A green success message states: 'The course "Web Development" was added successfully. You may add another course below.' On the left, a sidebar menu lists categories: 'AUTHENTICATION AND AUTHORIZATION' (with links for Groups and Users) and 'BOOKMODULE' (with links for Addresss, Books, Cards, Courses, Departments, and Students). The 'Courses' link is highlighted. The main content area is titled 'Add course' and contains two form fields: 'Title:' with the value 'Databases' and 'Code:' with the value '102'. At the bottom, there are three buttons: 'SAVE', 'Save and add another', and 'Save and continue editing'.

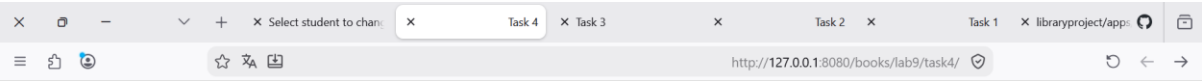

- ## Departments and Students Count

- ### Courses and Registered Students Count

Oldest Student in Each Department

- Department: Computer Science | Oldest Student: Sara (ID: 8)
- Department: Information Technology | Oldest Student: Nouf (ID: 11)

Departments with More Than 2 Students (Descending)

- Department: Computer Science | Students Count: 3
